

## **Terrence Hall - Manifesto**

As many Trust members probably do not know me, here is a quick background.

Despite being raised in the north-east, I decided at an early age to support Exeter City in 1990 after the club won the old Division 4 (accusations of being a glory supporter are technically valid.)

As a remote fan I followed the club as best I could – in the early years following the results in the paper, playing as Exeter in any football game (real or computer) and attending local away games.

I chose to go to Exeter University largely so that I could go to games at SJP and in 2006 I moved to Exeter so that I could attend matches regularly. As things worked out, in May 2007 I then moved to Switzerland. Despite the distance I still held a season ticket in 2011/2012 (which I was only able to use for one match – which we lost) and attend matches as often as I can when back in the UK.

I have been a Trust member since (I think) 2004 – I pay into the Exeter City Foundation – and I have been a 1931 Fund contributor for as long as I can remember.

Those are my credentials as a fan – this is why I think I would be a valuable addition to the Trust Board.

I am a Compliance Officer for a UK based, globally operating regulated financial institution. My speciality is combating fraud, corruption and financial crime, however I am also heavily involved with corporate governance. A key aspect of my role is the oversight of the activities carried out across the firm – not only in terms of analysis and consideration of reporting and information, but also developing and constantly validating the oversight and reporting framework.

I am a Chartered Fellow of the Chartered Institute of Securities and Investments, which carries a strong personal commitment to the absolute highest levels of ethics and integrity – I would add that even without this Fellowship I would in any case hold myself to these same standards.

I am thorough, diligent, honest and hard working, and would bring all these qualities to bear if I were to be elected to the Trust Board.

Finally, many thanks for taking the time to read this manifesto, and good luck to my fellow candidates for election.
